

Circuit Protection Modules:

	SMP	600V Lighting surge Withstand 3812 size SMD	UL SP CE
	SIP	Circuit Protection SIP Module	RU

IEC 250V Radial:

	MRF	Quick act, radial lead micro type	PSE S RU VDE CE SP
	MRT	Time lag, radial lead micro type	
	RST	Time lag, radial lead micro type	

IEC 5x20 mm, 250V:

	5ET	Time lag, enhanced break capacity, high surge proof cartridge type	SP MY S RU VDE CE
	5ETP	Time lag, enhanced break capacity, high surge proof axial lead type	
	5HF	Quick act, high break capacity, cartridge type	
	5HFP	Quick act, high break capacity, axial lead type	
	5HT	Time lag, high break capacity, cartridge type	
	5HTP	Time lag, high break capacity, axial lead type	
	5SF	Quick act, low break capacity, cartridge type	
	5SFP	Quick act, low break capacity, axial lead type	
	5ST	Time lag, low break capacity, cartridge type	
	5STP	Time lag, low break capacity, axial lead type	
	5VT	Time lag, low break capacity, high surge proof cartridge type	
	5VTP	Time lag, low break capacity, high surge proof axial lead type	

Fuse Clips:

	FC	Fuse Clip
